2.1 Fostering Holistic Growth: Introduction of Health & Hygiene and PSEL Classes :

Starting from April 2025, Oasis Academy has introduced Health & Hygiene and PSEL (Personal, Social, and Emotional Learning) classes as part of its regular academic schedule to support the holistic development of students. The Health & Hygiene class aims to instill essential habits such as personal cleanliness, proper nutrition, menstrual hygiene awareness, and illness prevention—helping students develop a healthy lifestyle and boost overall well-being. Meanwhile, the PSEL class focuses on building emotional intelligence, self-awareness, empathy, positive relationships, and responsible decision-making. These initiatives are vital in shaping confident, caring, and resilient individuals who can thrive both in and beyond the classroom. At Oasis Academy, we believe that nurturing the mind, body, and heart is key to preparing our students for a brighter future.

3. CAMPUS & LEARNING ENHANCEMENT

Mass Social Work for Campus Cleanliness and Greening :

On 5th April 2025, a mass social work was organized in the school campus to prepare for the beginning of the new academic session. All teaching and non-teaching staff actively participated in cleaning the surroundings and planting new saplings to enhance the campus environment.

This collaborative effort was not only a step towards creating a welcoming atmosphere for the students, but also a demonstration of the staff's commitment to maintaining a green and vibrant learning space. The newly planted greenery added fresh charm to the campus, reflecting the spirit of renewal and growth for the academic year ahead.

The event concluded with a sense of satisfaction and teamwork, reinforcing the message that when we come together with a shared purpose, we create lasting impact.

4. VALUE-BASED & EXPERIENTIAL LEARNING

4.1. May Day Celebration :

Although May Day is officially observed on 1st May, due to the public holiday, the school celebrated the occasion in advance on 30th April 2025. The day began with a special morning assembly, where students were briefed on the meaning and historical significance of International Workers' Day.

The assembly aimed to instill respect and appreciation for the contributions of workers in all fields. Through engaging speeches and short presentations, students were encouraged to value dignity of labour and develop a sense of responsibility toward society. The event was meaningful and informative, setting a reflective tone before the start of the new month.

4.2. Earth Day Celebration :

On 22nd April 2025, World Earth Day was observed at the Oasis Academy Ground with enthusiastic participation from students of Class I to VIII. The celebration featured a range of indoor and outdoor activities organized by the Eco Club, all centred around the theme "Earth Care."

Indoor activities included drawing, sketching, painting, slogan writing, and poem writing, allowing students to creatively express their concern for environmental protection.

For the outdoor segment, students engaged in tree plantation, community clean-up drives, including litter collection, gathering of dry leaves, and campus garden clean-up. These activities aimed to raise awareness about the impact of human actions on the environment and to promote responsible, eco-friendly behaviour.

The Earth Day celebration was a meaningful and memorable event that inspired students, teachers, and staff to become active stewards of the planet and contribute to a cleaner, greener future.
